

EUGENE KHORUNZHYI

Front End Engineer

DETAILS

Contact

Vinica, Ukraine
horunzhy.wgen@gmail.com
+380638828081

Date of birth

29.04.1990

PROFILE

Creativity, thirst for the new, and engineering thinking are the three pillars on which I base my work. During my work in the industry, I have developed large marketplaces and admin panels for them, streaming platforms, interfaces, and large b2b applications from scratch on various frameworks for domestic and foreign customers. I wish to continue to develop as deeply and qualitatively as possible in the direction I have chosen.

EMPLOYMENT HISTORY

Front End Engineer, FIVE Systems Development, Vinica

FEBRUARY 2022 — PRESENT
